

Kismat Kumari

Computer Science & Artificial Intelligence Undergraduate

Purnea, Bihar | +91 70049 22395 | [Portfolio](#) | [LinkedIn](#) | [GitHub](#) | [LeetCode](#)

PROFESSIONAL SUMMARY

Computer Science & AI undergraduate (6th semester) with hands-on experience in Python, JavaScript, and full-stack web development. Builder of functional web applications with a strong grasp of programming fundamentals, data structures, and problem-solving. Currently expanding into Machine Learning, with growing interest in AI-assisted, research-driven engineering workflows.

TECHNICAL SKILLS

- Languages: Python, C, C++, JavaScript
- Web Technologies: HTML, CSS
- Databases: SQL (Basic)
- Tools & Practices: VS Code, Git, Cursor, Streamlit, AI-assisted coding tools (ChatGPT & prompting)
- Currently Learning: Machine Learning fundamentals

EDUCATION

Purnea College of Engineering, Purnea, Bihar

Aug 2023 – Present

- B.Tech, Computer Science Engineering & Artificial Intelligence — CGPA: 7.51 (6th Semester)

Hari Shankar Nayak High School, Katihar

- 10th: 81.4% | 12th: 70.8%

INTERNSHIP EXPERIENCE

Artificial Intelligence Intern — Codec Technologies Pvt. Ltd.

Mar – Apr 2026

- Completed a 1-month AICTE & ICAC-approved AI internship, listed on the National Internship Portal.

Web Developer Intern — Internshala

8 Weeks

- Completed an intensive full-stack web development internship covering front-end and back-end fundamentals; strengthened UI implementation using HTML, CSS, and JavaScript.

Summer Entrepreneurship-II Program — Edulogy Institute

6 Weeks, Grade: A++

- Completed a 6-week entrepreneurship program focused on Artificial Intelligence.

PROJECTS

Mall Customer Segmentation

Python, Scikit-learn, Streamlit

- Performed customer segmentation on the Mall Customers dataset using K-Means clustering across age, income, and spending score.
- Built an interactive Streamlit dashboard to visualize resulting customer segments.

E-Library Website

HTML, CSS, JavaScript

- Built a web-based digital library allowing users to browse books across multiple categories.

Yoga Benefits & Yoga Pose Website

HTML, CSS, JavaScript

- Designed an informative website covering yoga benefits and poses, focused on simple, accessible content presentation.

CERTIFICATIONS

- Human-Computer Interaction — NPTEL SWAYAM (93%)
- The Joy of Computing using Python — NPTEL SWAYAM (67%)
- AI Interview Certification — micro1 | Technology Job Simulation — Deloitte (Forage)
- Web Development — Skill India / NSDC via Internshala Trainings (Grade B)
- AI Tools & ChatGPT Workshop — be10x
- Kushal Yuva Program (KYP) — Bihar Skill Development Mission: BS-CIT 83.81%, BS-CLS 99.47%, BS-CSS 86.47%

LANGUAGES & INTERESTS

- Languages: Hindi, English
- Interests: Problem Solving, Artificial Intelligence, Web Development, Machine Learning
